

# Networking Specialist

## 200 Hours / 10 Weeks (Night Only)

### Program Objectives:

This program of study is designed to prepare the student for migration to the Windows environment. Through lecture and appropriate Lab Training, the program will provide the student with the technical, manual and manipulative skills and knowledge to be employed as an entry level Windows Networking Specialist.

The program also benefits systems and network administrators, personal computer support personnel, programmers and other users of Windows and UNIX environments. This program is designed to prepare students with the knowledge and skills of operating, installing and maintaining client server based personal computer networks.

Courses include, Microsoft Windows XP, 2003, Networking Essentials, Windows Server, Workstation and NT Server in the Enterprise.
