

# PC Repair And Hardware Basics

(Youth Program)

162 Hour Program

## Program Objectives:

This program of study prepares the high school age student to Evaluate, Repair and Upgrade Personal Computers. The PC Repair and Hardware Basics will enable the student to prepare for the field of PC Repair. Through lecture and appropriate Lab Training, the program will provide the student with the technical, manual and manipulative skills and knowledge to be competent in Repairing and Maintaining the Personal Computer.

Students attend classes in the after school program at T.H.E. Technologies, LLC. The program begins at 3 p.m. until 6 p.m. During the week, The Students receive a weekly paycheck plus they receive an afternoon snack.

During the summer, the program will run from Monday to Friday from 9:00 a.m. to 4:00 p.m. Student will receive a paycheck, but are responsible for their own lunch and snacks. The program will run for approximately 7 weeks. Starting in July and ending Mid August.
